

EBSA Student Bursaries to attend the International Congress of the Spanish Biophysical Society.

The European Biophysical Societies Association (EBSA) funds four bursaries (400€) for young biophysicists to attend the Congress to be held at Alcalá de Henares (near Madrid). June 11th-13th, 2014 (<http://www.sbe2014.org/home/index.php>).

Applications (free format), plus a brief CV and the communication to be presented at the Congress, should be send to the Academic Secretary of SBE: Prof. Marta Bruix, (mbruix@iqfr.csic.es) not later than the 20th of March (at noon). The decision will be published not later than the 4th of April, in time to carry out registration with reduced rate.

Important:

- The bursary recipients should be European researchers from outside Spain (with strong preference non-Spanish nationals).
- These researchers should be graduate students or they should be in their first two years as post-docs.
- The awardees should attend the whole Meeting and a diploma will be given to them during the closing ceremony.
